The lair(or new girl part 6)

>
 "Where am I?" asked Gaia.
>
 "My lair," replied Voldemort.
>
 "Nice place," replied Gaia. "Put in a couch, dust up, could call it home. I mean, if you don't count the fact that it smells like crap in here and its all dark...and stuff."
>
 Voldemort laughed. "It really astonishes me, the way you aren't afraid of me. Most people are afraid just to speak my name."

>
 "That's another thing," Gaia said, rolling her eyes, "why didn't you just name yourself You-Know-Who? It would've been SO much easier. I mean really, okay, so you were a pathetic loser who had nothing better to do then learn a couple complex spells, devote all your time to the dark arts. Really, I feel sorry for you. You musta had a sucky childhood."
>
 "You're a very special girl, Gaia," he said.
>
 "Yeah, thats what Barney said too, ya know? Everyone's special. I love you, you love me, that sorta shit." Gaia said, smirking.
>
 'You've got special things about you.'
>
 "I know," Gaia said boredly. 'You think I don't know about myself?'
>
 "Oh, I figure you do," said Voldemort. "But do you understand why you're such an important person to the dark side?"
>
 "I'm not on the dark side. But I know wha'your talking about."

>
 All of a sudden, Bill Weasley apparated in with Harry Potter, who was unconscious.
>
 "Oh,God," said Gaia. "How did Potter get invloved?"
>
 "He knows about you, Gaia," said Voldemort. "He's been doing some research."

>
 Harry groaned and woke up. "Gaia...you, they want you because-"
>
 He was cut off when Bill covered his mouth.
>
 "I know," Gaia said softly. "I already know."
>
 Out of no where, Gaia kicked Bill upside the head and he fell down. She grabbed Harry's arm, and pulled him over to the other side of the room.
>
 "Stay out of the way," Gaia hissed.
>
 Voldemort sent a spell at Gaia and she went flying backwards into the wall. From her laying-down position, she flew up, her feet connecting with Voldemort's skull. She rammed a punch into his stomach. She produced a knife with a spell and held it towards him. But he apparated away.
>
 Gaia went over to Harry.
>
 "Are you okay?" she asked, actually looking concerned.
>
 "Yeah," said Harry.
>
 "Welcome to my life," mumbled Gaia. "Population...me...and I guess you now too, since you know..."
>
 "Yeah," said Harry. "As long as you decide you can actually act civil towards me."
>
 "I'm sorry," said Gaia. "I'm really sorry I got you involved in this. I-I don't like anybody, but...I really wouldn't wish this on, well, anybody."
>
 "Except maybe Voldemort," said Harry cracking a smile.
>
 "His is worse," Gaia said. "If you think about it. Now, where the hell are we and HOW do we get out of here?"
